

TAKING CHARGE OF YOUR MIND

FIRSTBORN MEDIA
ISSUE 001, MARCH 2019

You have the solution P.1
Mental Focus P.2
Creating space in the spirit P.3
Become a practitioner of this
craft P.4

YOU HAVE THE SOLUTION

There are people that you meet once and your life is sorted from just one encounter. If you are going to make strides in salvation that will make a mark, month in and month out, where you will have no fall of season; you have to follow the instructions in this leaflet. I'm not the kind of follower who just says, "I receive" No! Apostle Paul said follow me as follow Christ [1 Corinthians 11:1]. He says, Those who by reason of faith have obtained the promises, follow them.

One of the things that has derailed some people is that they have made themselves a common thing. It is against scripture for you to make yourself as common as everyone else. You cannot and you will never be a statistic in this life. I assure you, the future is bright for the child of God because we have the solutions. I pray that you will subdue your entire spirit, soul and body and bring them to the subjection of Christ. Choose to do this tirelessly.

PROPHET NAMARA ERNEST

DO YOU SEE IT?

The greatest part of your salvation and the end to your faith is normally if you see it. Whatever you see cannot be denied you. This grace is to make all men see that the fellowship of this mystery from the beginning of the world has been hid in God.

SELF - MASTERY

When it comes to growing in the spirit, the first thing you need to take charge of is the mind. Become the boss of your self. self-mastery is the source of victory. You have got to realize that your mind is like a muscle. It has to be built. Just like a muscle that has never been built, it can be flabby.

MENTAL FOCUS

As we continue into this year, do not lose your mind for anything. Do not give your mind away, whether you're working, driving or taking a walk you must make sure that you are in charge of your mind. Don't allow your mind to run away from you. Be the boss of it. Tell it what to think. Choose what you hear, choose what you see. Choose how you live.

Whoever and whatever has your mind, has your life. Whatever has your eyes, has your mind and then has your life. Whatever has your ears, has your mind and then has your life. Whether they be evil spirits or demonic entities, the first place they challenge you is your mind. "Did the Lord actually say it?" "Is what I'm doing really fruitful?" The moment it sits inside your spirit, it gets access to your spirit.

I want you to take time and realize that there's a place of peace that so overwhelms you that you have to guard your heart. **Have you ever noticed that things never go wrong until your spirit is shaken?** You can hear all the bad news but when you sit still and you look inside your heart and you shake, you're finished!

Take control over your day

I'm a very careful person when it comes to seeing certain patterns and I realized, whatsoever thing I allowed in my mind, in the morning it took about two hours to get it out when you go to sleep. The first thing you do when you wake up is pick up your phone yet the mind has been made in such a way by God that, 'early in the morning shall I seek your face', not after checking your whatsapp. Some people have changed it to 'early in

the morning after I've answered Emails, WhatsApp'. By the time you're done with that, you want to pray but the Email is in your head and someone's WhatsApp status has messed you up. Be in charge of your mind. Determine what you will think.

Joshua 1: ⁸ This book of the law shall not depart out of thy mouth; but thou shalt meditate therein day and night.

If you can take charge of your mind, you will be in charge of life forever. Choose what to think and the devil will have no place for you. When I found this out, I stopped having bad days. I can choose what enters my mind and how to process it. I do not have to take whatsoever comes to my mind. I choose it and say "No! This is turning out for my good" Some people have failed to understand that the depths of thoughts will equate to dreams.

Jesus said, learn of me, for my burden is light (Mathew 11:29) I want you to read that whole chapter .

Whichever place you walk into, they receive freedom because of you. If a business was struggling, the moment you enter that enterprise, the struggles must cease.

Take charge of your mind. Do not allow your mind to speak 10 things at the same time because what you're doing is producing average results.

The mind is a spiritual realm; it is not of the physical realm so whatsoever things you allow to linger around your mind, you are destroying or building yourself.

Just like a magnifying glass. When light heats a magnifying glass, the intensity to which the focal point of light will either produce fire in other words you will get results. To produce fire, you get the magnifying glass and you put the focal point on one thing, it will catch fire.

If you do nothing, spend your time synchronizing your mind to the mind of God. 90% of people who have failed to get their success stories; it is the issue of the mind; that they have not taken charge of their mind.

CREATING SPACE IN THE SPIRIT

Feeling stuck?

I see so many people that are stuck in situations and these are children of God who have prayed and prayed but they have failed to know the craft of Christianity so they are going for overnight after overnight to deal with something that could have taken them switching off a certain 'channel'.

Do you believe?

If you are to grow in God and in your finances, in health in just your supernatural walk with God. If there's one thing that you can do is take charge of your mind. You can refuse to be jealous, you can refuse to be angry, you can refuse to think about someone in a certain way. Someone may do something to you but whether you allow it to linger is up to you. You can choose to believe God.

Enlarge your barns

The level of giving determines the level of receiving. Learn to create space in the spirit. The widow, when Prophet Elisha tells her fill everything until she went and borrowed – jars of oil. When she told the Prophet all the jars are here, the oil ceased. [2Kings 4:1-7] You've got to know how to create vacuum for you. If you're used to staying in a one bedroomed house, if a miracle came, the most you'd do is to construct a two bedroomed house. Find a man who has

lived in a shack his whole life, that man will never build a mansion.

When we move into big places, what we are doing is enlarging ourselves to be able to accommodate it even in your health, your giving - especially in your finances. We are living in a time where finances are very important. The Lord releases as there is need. In the time when HIV was great, he released many Apostles to heal HIV. In this time where you need a job, he's not going to release an HIV Apostle but He is going to release someone who will give you the job. **We live in a time where finances are necessary.** We have to bring you to that knowledge of how you can get it. We shall also show you by our own examples and leave it up to you.

TAKE COMPLETE CHARGE

You cannot come to the house of God and you allow your mind to be at work or to be calculating or some soap that you're going to run and watch. You've got to be in complete charge.

PITY PARTY

I know there are very many people who like being pitied. Oh but for me, so and so, last week I lost so and so. **Pity can be nice but it's really demeaning.** I have seen many people sell themselves short because of just that thing. This kind of mindset has totally destroyed many in the church but also personal lives.

THE MIND WILL TRY TO RUN AWAY FROM YOU BECAUSE IT IS A FREE AGENT.

ENTRANCES TO YOUR SPIRIT

There are two major entrances to you; those are your **EARS AND EYES**. Your ears and eyes are the two entrances that anything created and uncreated will use to get to you; God or the devil. Whatsoever you don't hear and you don't see, cannot affect you. That's why the scripture says be careful what you hear [Mark 4:24,] You were okay with someone until they told you that person said something. You never had a problem with a friend until someone came and said, did you know? Then you have to deal with it and you have to get scriptures of 'love is patient, love is kind..', yet if you had not heard it, you would be free. If you can prevent what you look at, you will not have to deal with thoughts of weird things.

BECOME A PRACTITIONER OF THIS CRAFT

Now let's pray;

In the name of Jesus, I decree every eye open to see your wisdom oh God. I silence the voice of the enemy that has spoken against their destinies in the name of Jesus. I silence every voice that speaks in the middle of the night to their minds in the name of Jesus. I silence every voice that speaks to their mind during the day in the name of Jesus Christ. I remove the veil that causes them not to understand that this day will be the birth of wisdom unto your children oh God. And the birth of miracles for this wisdom. In the name of Jesus Christ. It is done for you. Amen

PROPHET NAMARA ERNEST

TIME TO FISH

One can give you fish or teach you how to fish but when you need to eat the next time, you will thank the person who taught you how to fish. What I'm giving you are things that will last you an eternity in this salvation and my prayer for you is that you see it.

MAKE UP YOUR MIND

This day, make a resolution for this year and say; "I am going to be in charge of every thought".
